Quality Is
Even Easier
to Install!

All-New Value Line Wiper Blades

Mopar is pleased to introduce the all-new line of premium Value Line wiper blades – high quality at a competitive price. This new product features resealable, clear plastic packaging prominently featuring the new Mopar logo. Other high-quality features of these new blades include a molded tip, split rails, natural rubber blades, aero slots, spoiler flanges and a precision fit type connector.

The Mopar Difference

Mopar Value Line Wiper Blades

Mopar Value Line consolidates fast-moving and highly competitive products into a single marketing program so you can take advantage of the lucrative maintenance and light repair business.

The superior quality and durability of Mopar Wiper Blades make Mopar Wiper Blades the clear choice. Discover the Mopar Difference – and increased profits – with Mopar Value Line.

MOLDED TIP: A smooth end designed to ensure a strong and exact fit.

RUBBER: Natural rubber blade increases the wipe quality and noise reduction. A UV coating is applied to protect from damaging ultra violet light rays.

YOKE: Precisely profiled to give a smooth slide on the rubber blade during wipe movement.

JOINT: Specialized to minimize friction between parts for quiet movement.

STAINLESS STEEL RIVET: Provides the super structure with safe and strong joints that allow smooth movements between parts.

SPLIT RAILS: Distributes the uniform load to the whole length of the rubber blade.

AERO SLOTS AND SPOILER FLANGES:

Reduces the aero resistance to provide high-speed wiping for highway driving.

ADAPTER PRECISION FIT TO THE WIPER BLADE:

A precise and secure snap fit to the wiper arm eliminates chatter and unwanted movement of the wiper blade.
